

Town of Penetanguishene Class Environmental Assessment Schedule 'B' Fuller Ave & Robert St. E Intersection Upgrade Project: NOTICE OF PUBLIC INFORMATION CENTRE

The Town of Penetanguishene ('Town') has initiated a Schedule 'B' Class Environmental Assessment (Class EA) to address the intersection improvements required at Fuller Avenue and Robert St. E. as recommended in the 2018 '1145 Fuller Avenue Traffic Impact Study' (JD Northcote Engineering Inc.). The proposed study area is located at the intersection of Robert St. E and Fuller Ave. and extends approximately 100m in all directions (north, south and west).

Preliminary Class EA Report:

A Preliminary Study report is completed and has identified preliminary design alternatives. The results of the preliminary report are to be presented to the public through a virtual Public Information Centre ('PIC').

A PIC is being held to provide an opportunity for the Public to review and provide input on Fuller Ave / Robert St. E Intersection upgrade alternatives under consideration. The PIC will consist of a short presentation followed by a question-and-answer period. Representatives from the project team will be present to provide the presentation and answer questions regarding the preliminary study report.

Information will be collected in accordance with the Freedom of Information and Protection of Privacy Act ('FIPPA'). With the exception of personal information, all comments will become part of the public record.

VIRTUAL PUBLIC INFORMATION CENTRE:

Thursday March 25th 2021

7:00 PM to 8:30 PM (Presentation at approximately 7:10 PM)

Virtual Zoom Meeting (Details are posted on the Town Website)
